

Term Paper

EE392b – Industrial AI, Spring 2023

Term Paper Submission

1. The term paper is due by June 6, 2023.
2. The paper should not exceed one page. Half page is sufficient.
3. It should be submitted by email to one of the seminar coordinators. Their email addresses are at the class webpage.
4. PDF, Word, or plain ASCII formats are acceptable.

Term Paper Content

The term paper should consist of two parts. The first part would provide some indication of what you learned.

1. State of the Industrial AI business and technology

- Please explain briefly why you think Industrial AI is important. Either tell why did you decide to attend a class on the subject (personal importance) or why do you think others are into Industrial AI (societal importance).
- Concisely describe one selected Industrial AI application from the class you learned about, with focus on AI computations/analytics
- Concisely describe one selected Industrial AI business case you learned from the class

The second part of the paper would be used for improving the class next year.

2. Class comments

- What was most interesting for you in the class?
- What you wish should be added to the class?
- Which talk was the best in your opinion and why?
