
Midterm 2 Regrade Request Form

If you believe we made a grading error on the first midterm exam, please fill out this form and talk to one of the TAs during their office hours about what you'd like us to regrade. If the TA accepts your regrade request, we will regrade the marked problems from scratch and assign you the grade indicated by our grading criteria.

Regrade requests must be received by **Tuesday, June 6 at 6:30PM**. No regrade requests will be accepted after that point.

If we made an arithmetic error totaling up your points on the exam, we can easily correct it. Just let us know that we made an arithmetic error and we'll get it corrected right away. If you believe that we did not grade your exam consistently with the criteria we have developed, you can ask us to regrade some of the problems on your exam from scratch.

Please only ask us to regrade an exam question if you actually want us to completely regrade that part of the exam. If you don't fully understand the feedback you've received, or you have general questions about the exam, we'd strongly recommend stopping by office hours to talk things over with the course staff rather than submitting a regrade request. If you submit a problem for a regrade, we will regrade it from scratch and ***there is a very real possibility that your grade may go down*** in the event that we misapplied the criteria the first time around.

When submitting a regrade, ***do not make any marks on the exam.*** Just fill out the form below.

If we made an arithmetic error when grading your exam, check the box below and briefly describe where we made the error.

Arithmetic Error: _____

If you would like us to regrade any of the problems on the exam, please check the appropriate box or boxes below. We will then regrade those questions. Do not provide any elaboration of what you'd like us to look at – just indicate which problems we should review.

Q1.i Q1.ii Q1.iii Q2.i Q2.ii Q3 Q4.i Q4.ii

I have not added, removed, edited, or changed anything on this exam since when I finished taking the exam. I understand that tampering with a completed exam when submitting it for a regrade request is in violation of the Stanford Honor Code.
