Recipe Visualizer

Steven Bell, Caitlin Go, John Carlo Buenaflor
Problem Description

- Too many recipes on the internet
- Recipes are often “one size fits all”
- How can we find a user’s “model” recipe?
- How can we teach people the nuances and trends between recipes?
Problem Solution

How to explore the internet’s vast recipe repository?

- Interactive Data Viz w/ D3
- Visualize Recipes
- NLP/Data Mine Intern Recipes
Current Progress

butter
sugar
eggs
vanilla
salt
flour
baking powder
chocolate chips
Questions?

1. Would you use this viz?
2. What are other use cases?
