Optional reading response: Semantic grammar
Chris Potts, Ling 130a/230a: Introduction to semantics and pragmatics, Winter 2021
Distributed Feb 2; closes Feb 16, 10:30 am Pacific

Note  This reading response repeats the exercises at the end of the ‘Semantic composition’ handout. The task is to complete them using the same instructions as for Assignment 3, problem 1. We might do some of these in class and/or section, which will of course make those easier!
