

# OBSTETRICS AND GYNECOLOGY

---

*Chair:* Mary Lake Polan

Courses given in Gynecology and Obstetrics have the subject code GYOB. For a complete list of subject codes, see Appendix B.

The Department of Gynecology and Obstetrics does not offer degrees; however, qualified medical, graduate, or undergraduate students with an interest in basic research in reproductive biology may apply to arrange individual projects under the supervision of the faculty. The focus for the Division of Reproductive Biology is the study of molecular and cellular biology of the male and female reproductive organs.
