CRISP: Crowdsourcing Representation Information

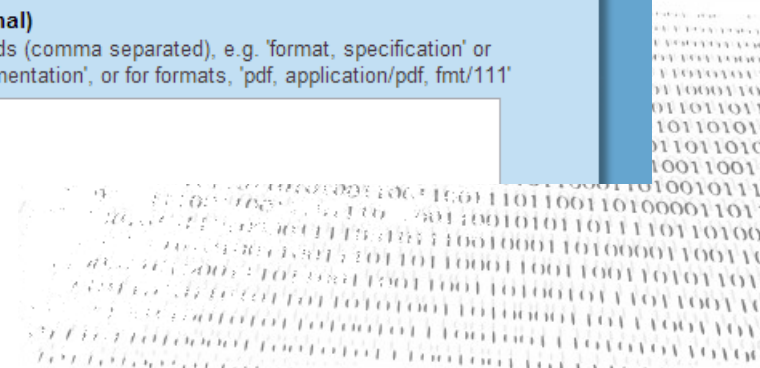

CRISP is a community effort to collect representation information. Replnfo helps ensure content can be accessed over time despite technological obsolescence.

It's really easy to contribute. Just fill in the (very short) form below with your suggestions.

Questions? See <http://bit.ly/dpref-crisp>
* Required

The URL of a web page that contains information to be preserved. *
e.g. http://www.adobe.com/devnet/pdf/pdf_reference.html

Descriptive tag(s) (optional)
Enter one or more keywords (comma separated), e.g. 'format, specification' or 'software, reference-implementation', or for formats, 'pdf, application/pdf, fmt/111'
