I am a resident of Spain, temporarily present in the United States to study at Stanford University. I am not a United States citizen or permanent resident.

In an amount not in excess of $5,000, less any amount excluded or exempted from taxation under the laws of the United States, my compensation for personal services during the current taxable year (or part thereof) qualifies for exemption from withholding of federal tax under the tax treaty between the United States and Spain, article 22(1).

I arrived in the United States on _________________. The treaty exemption is available for a maximum of 5 years, and only for the period during which I remain a non-resident student in the U.S.
