PROTESTING THE WALL

Israel's Separation Wall, spanning twice the height and four times the length of the Berlin Wall and illegally annexing chunks of the West Bank to Israel, has caused undue hardship on Palestinian communities and was deemed illegal by the International Court of Justice in 2004. In light of worldwide inaction, a growing number of brave Israelis, led by Anarchists Against the Wall, have taken action, joining the Palestinian popular movement in regular non-violent protests against the structure. Join us as Israeli activists share their thoughts on non-violent resistance and the Israeli-Palestinian Conflict!
