An Asking Questions Approach to Design Thinking

For a scene where you noticed a problem, write a question to each prompt then answer those questions. Connect the answers in a design thinking problem statement.

**WHAT?**
Q. __________________
A. __________________

**WHO?**
Q. __________________
A. __________________

**WHERE?**
Q. __________________
A. __________________

**WHEN?**
Q. __________________
A. __________________

**WHY?**
Q. __________________
A. __________________

Write your problem statement:
