## 1. Comments

**Provide comments about the course, positive and negative, to be seen by the instructor only. Constructive comments on how to improve the course are encouraged.**

- Perhaps the instructor should give 10 full weeks of lectures.
- Dan,<br/><br/>I would personally prefer having lectures for the whole quarter and not presentations. Although it is valuable for our presentation skills I feel I didn't learn as much as I would if we had lectures. Apart from that the class is excellent and you really are a very talented instructor!
