SARGENT ROCK

There is an excellent 30'0" barely overhanging finger crack in a boulder on the approach to Sargent. It is 300' above the obvious "boulder area" complex.

A) STARTING LINE
   I 5.11c
   nuts - RPs to #3 Friend
   4 - 4.8s
   2 - 5.0

B) PANIC AT THE PUMPS
   I 5.10a
   (Friends to the right)
