

Lisa Yan and Jerry Cain  
CS109

Lecture Notes #23  
November 4, 2020

## Optional: Quicksort Runtime Analysis

---

Based on a chapter by Chris Piech

**This lecture is completely optional content and will not show up on any graded material in Fall 2020.**

**Pre-recorded lecture:** None

**In-lecture:** All

### 1 Quicksort

Remember the linearity property of expectation? It's coming back for a special appearance on this episode of CS109.

More to come soon!
