

Bottle

uncap your day with others

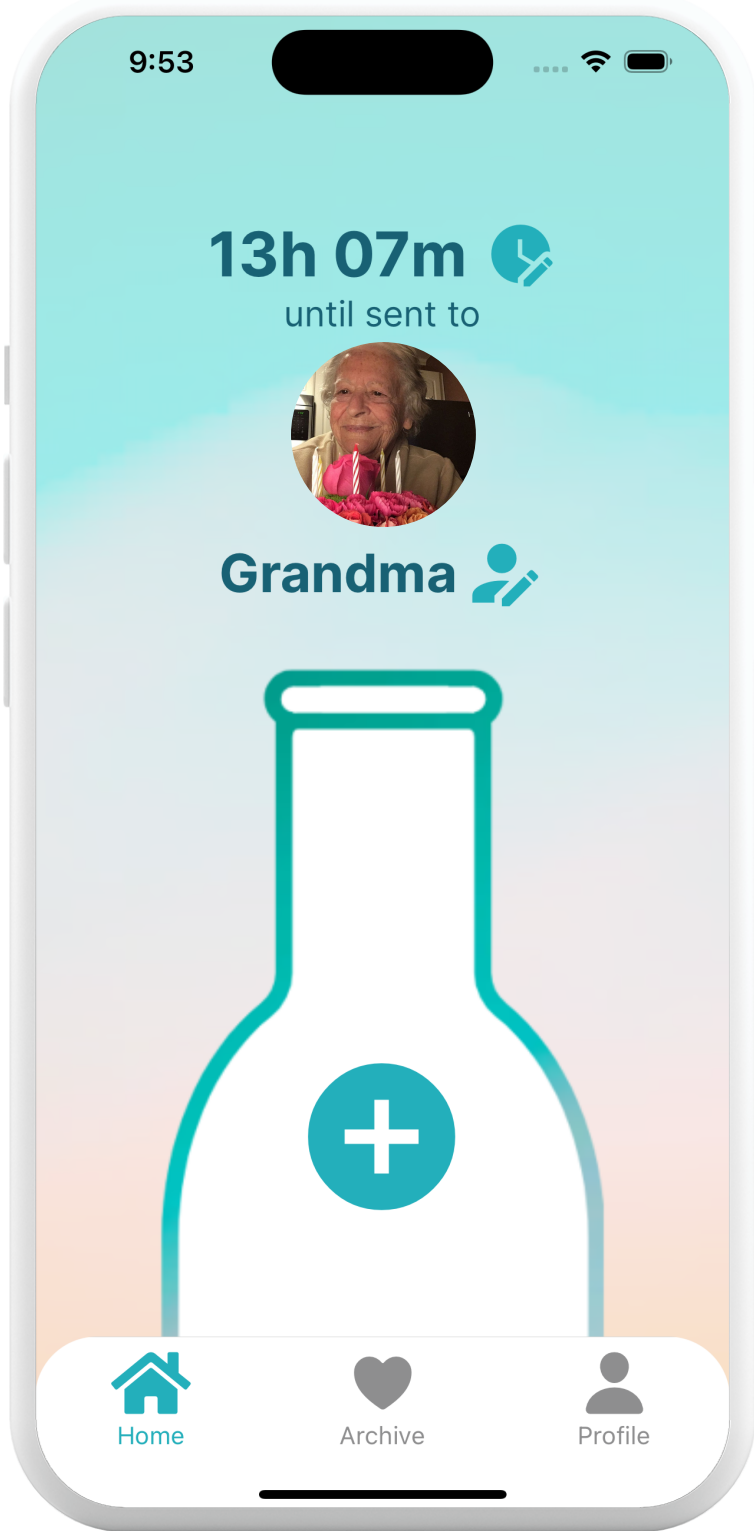

Problem

Busy lives and time-zone differences make it difficult for **long-distance loved ones** to **maintain emotional intimacy** through **sharing life updates in real time** and **recounting their day**.

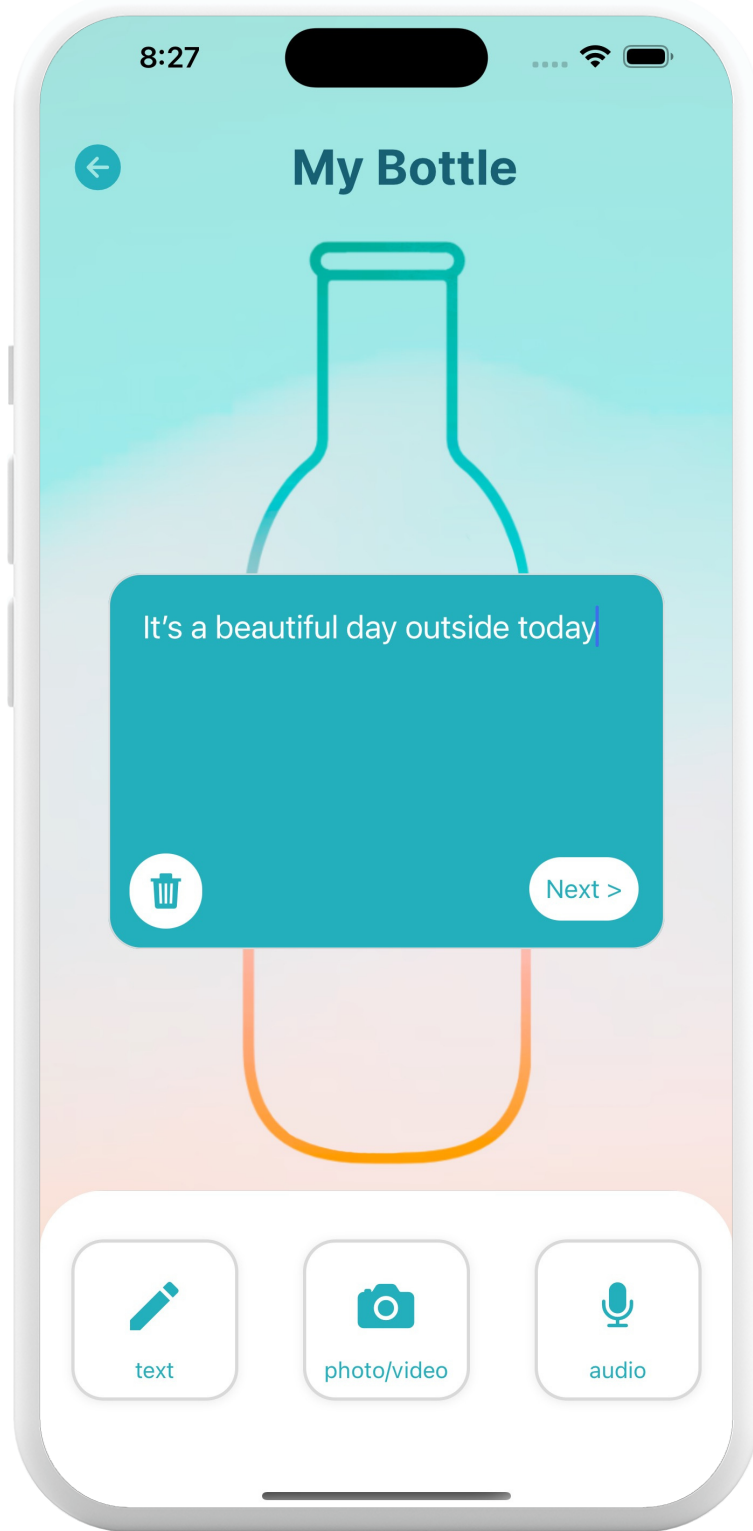

Solution

Bottle makes **updating loved ones easy and fun** by letting people **store updates throughout their day** in a virtual bottle **shared at a set time**

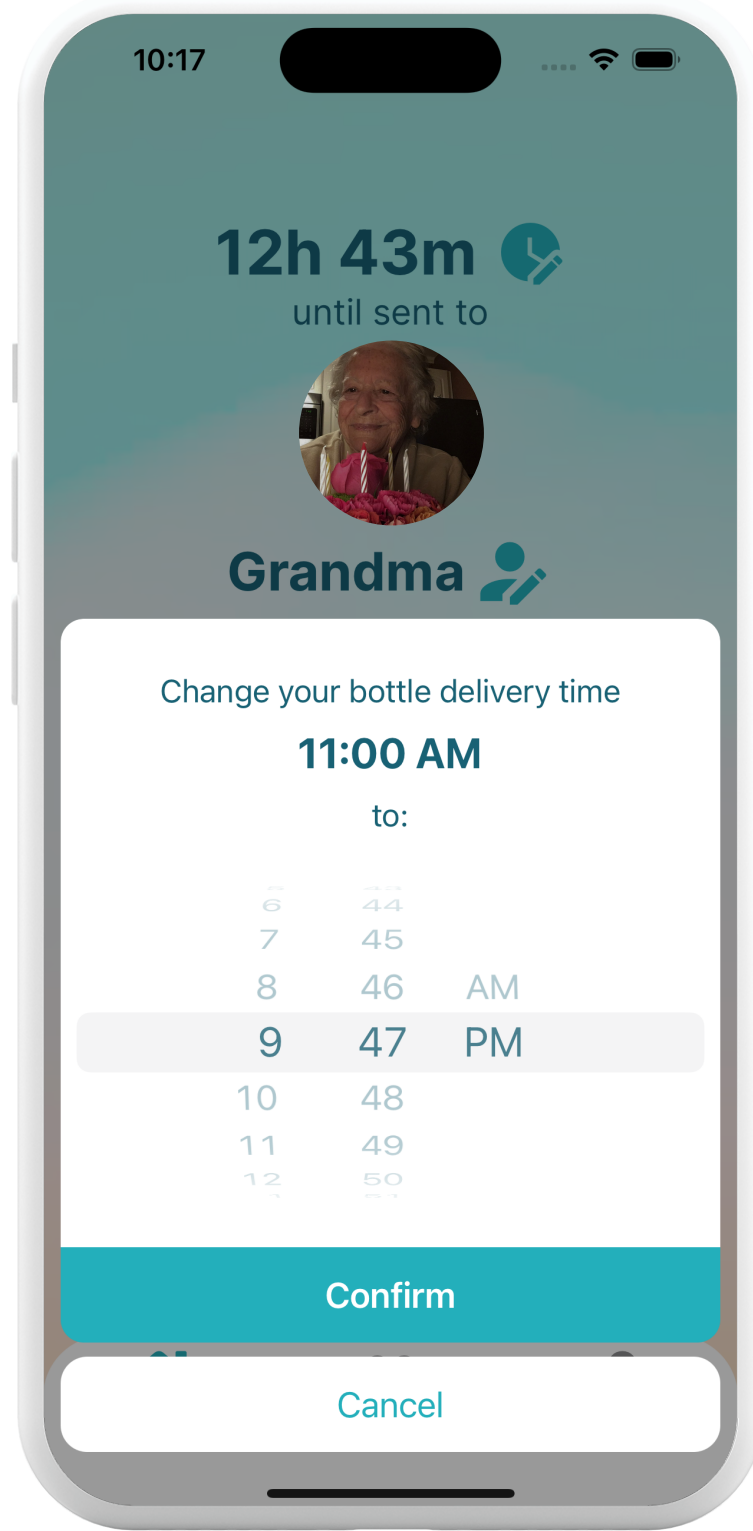

Key Features

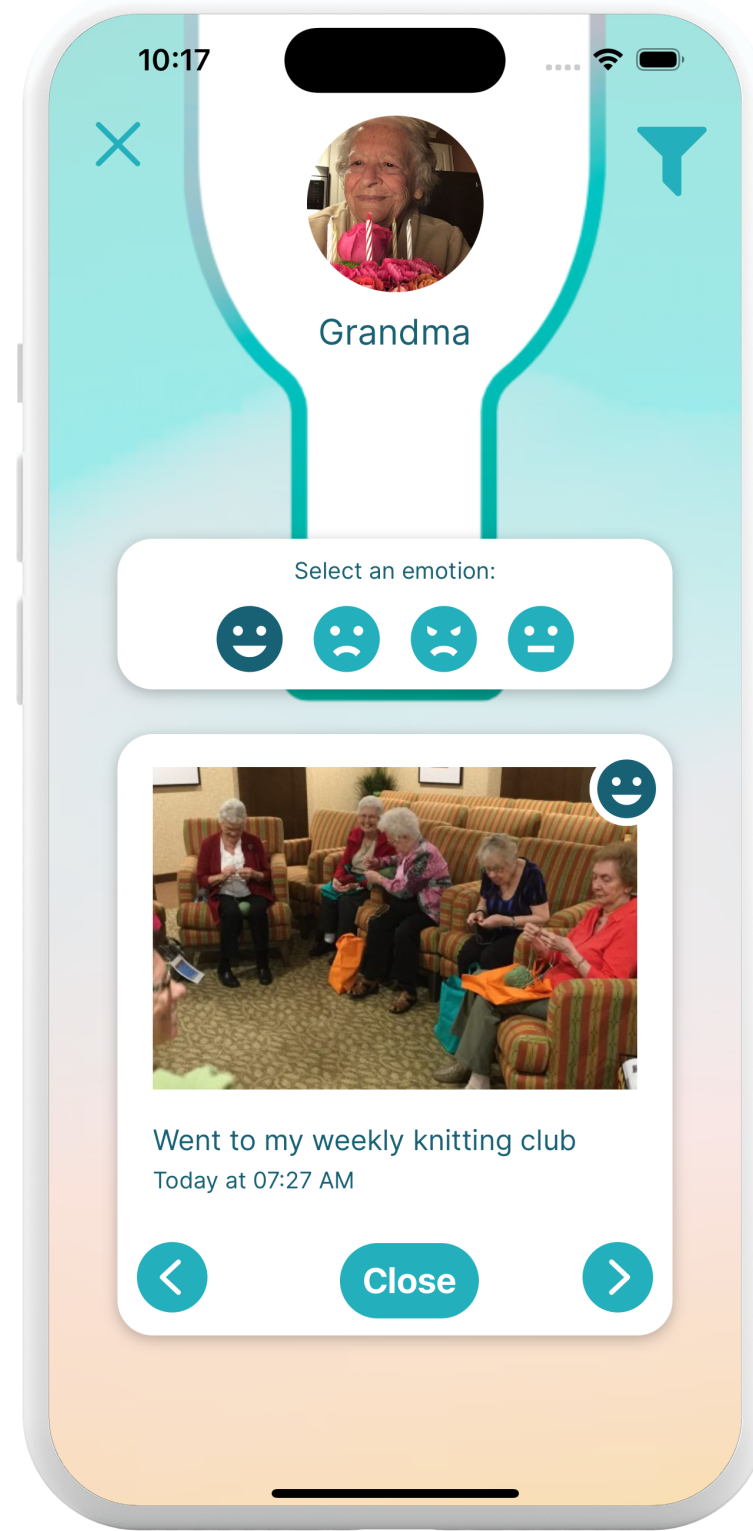

Add everyday moments to a bottle

Share with text, photo, or audio

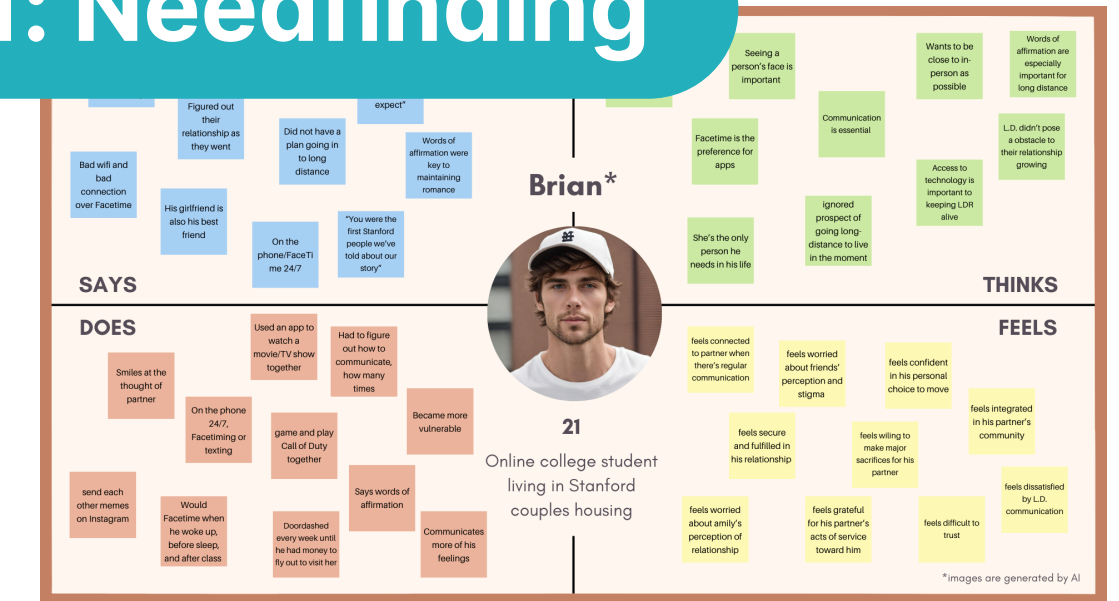

Set bottle opening time

Open your loved ones' bottles

Design Process

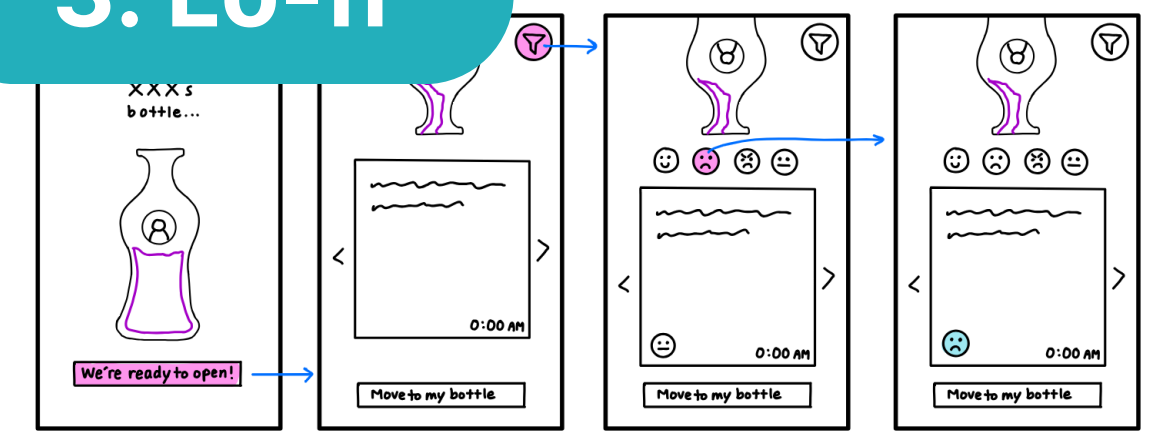

1: Needfinding

2: Experience Prototype

3: Lo-fi

4: Testing

5: Med-fi
