

If you want to know the ASL sign for “coffee”, it’s easy enough to Google “coffee asl”. But what if you see (COFFEE SIGN), or (WATER SIGN), or (MILK SIGN) and you don’t know what it means – how do you Google that?

Say goodbye to awkwardly attempting to describe signs in words —just select visual cues like handshape and movement.

And it's more than just a dictionary—it's a community-powered platform where each sign comes alive through shared stories.
