

KVH – #1 in mobile satellite TV systems

KVH Industries has been bringing DIRECTV® service to mobile consumers since 1995. KVH supplies more in-motion satellite TV systems for mobile markets than any other manufacturer in the world. Tens of thousands of boat, RV, and automobile owners enjoy quality television programming thanks to KVH's family of award-winning TracVision antennas.

Marine Market

The maritime TracVision family offers a rugged design ideal for the demanding marine environment. These fully stabilized systems provide unmatched satellite tracking and reception even in the face of the severe pitch, roll, and yaw experienced at sea.

Recreational Vehicle Market

For the RV and motorcoach enthusiast, our domed TracVision antennas offer outstanding reception. Designed specifically for RVs and motorcoaches, these domed antennas offer an aerodynamic design that sheds dew or rain that builds up when the vehicle is parked, ensuring optimal reception. For taller motorcoaches facing height restrictions, our low-profile, TracVision A5 is the ideal choice for mobile reception of satellite TV.

Automotive Market

Now, KVH's innovation, quality, and technological leadership are being applied to the automotive market. The TracVision A5 represents an entirely new approach to in-motion satellite TV and has made live satellite TV in your car, SUV, or van a reality. The pioneer of low-profile satellite TV antennas for cars, KVH has thousands of satisfied customers who can now enjoy DIRECTV programming in their vehicles.

TRACVISION®

Satellite TV to go!

DIRECTV®
rethink tv

Hit the road with access to
135+ channels of DIRECTV®
programming in your car!

TVAS0quadfoldCombo_4.05

Get DIRECTV® programming
on the open road!

**TracVision A5 brings you access to
135+ channels of live satellite TV and
music to your car's entertainment system**

Leave the DVDs and videotapes at home and instead enjoy live entertainment while you're on the open road! KVH's new ultra-low profile TracVision A5 digital satellite TV antenna system delivers live DIRECTV® programming to your vehicle's video system as you drive down the open road anywhere in the continental U.S. This sleek antenna is the first product that's designed specifically to bring the variety and excitement of live, digital-quality satellite TV to automobiles. Regardless of vehicle motion, TracVision A5 automatically finds and tracks the DIRECTV satellite and presents your favorite DIRECTV programming on your in-vehicle video system.

Traveling in your car has never been so much fun! Now your family & friends can enjoy the DIRECTV® service that they watch at home, in your car.* Instead of "Are we there yet?"—the question will be, "We're there already?"

*DIRECTV service packages for cars differ from standard home packages.
Please visit your dealer or www.tracvision.com for programming details.

TRACVISION®

Hit the road with access to 135+ channels of DIRECTV® service in your car.

Now you can watch your favorite DIRECTV® programming – BET, CNN, Disney, ESPN, HGTV, MTV, Nickelodeon, Speed Channel, VH1, Weather Channel, and many, many more – wherever you go on the open road!

Revolutionary and Durable Design –

TracVision A5 uses patented advanced hybrid phased-array antenna technology, making this remarkable low-profile system possible! The patented rugged impact- and weather-resistant antenna won't corrode and is built to withstand wind, weather, bugs, dirt, and most other road hazards.

Easy to Install –

TracVision A5 simply attaches to most standard roof racks with tamper-resistant mounting hardware. An optional roof mounting kit is also available for vehicles not equipped with roof racks.

Deluxe 12-volt Satellite Receiver –

Designed specifically to work with TracVision A5, this compact unit, included with your antenna, can be stored out of the way under a seat, in a console, or in the trunk of your car.

"Award Winning Design" – TracVision A5 has been recognized by Automotive News, General Motors, Consumer Electronics Association and Frost & Sullivan.

Exciting Live DIRECTV Programming –

Now you can receive crystal-clear, digital-quality DIRECTV programming on the go!

Commercial-free CD-quality Music –

Whether you enjoy classical, rock, jazz, blues, country, gospel, or the golden oldies, TracVision A5 delivers CD-quality, commercial-free digital music!

Fully Compatible –

Works with all standard in-vehicle passenger video displays.*

Backlit RF Remote Control –

The convenient, easy-to-use backlit remote control allows you to control the system from anywhere in your vehicle.

* TracVision A5 provides full in-motion reception of satellite TV signals on open roads with a clear view of the TV satellite in the southern sky in the continental U.S. TracVision A5 is intended to provide programming **only** on screens that are not directly or indirectly visible to the driver of the vehicle when the vehicle is in motion.

Programming Guide

TracVision A5 offers the DIRECTV® **TOTAL CHOICE® MOBILE** programming package: **\$4.99/month** for DIRECTV home subscribers or **\$41.99/month** for mobile-only subscribers.
