STANFORD UNIVERSITY SCHOOL OF MEDICINE DEPARTMENT OF PSYCHIATRY
AND BEHAVIORAL SCIENCES
NIMH Research Training Program in Developmental Psychopathology
Program Director: Allan L. Reiss, M.D.
Program Co-Directors: Dr. med. univ. Hans Steiner and Carl Feinstein, M.D.

- One or two-year postdoctoral positions are available beginning June/July, 2003
- Postdoctoral positions are available for M.D.’s and Ph.D.’s
- Funded by the National Institute of Mental Health
- Multidisciplinary seminars and courses
- Minority candidates are strongly encouraged to apply

Program Description:

Positions are available for two years of training in clinical or basic research. Candidates will have the opportunity to participate in research projects of their mentors and/or will develop their own research projects. Weekly seminars and formal training in research methods and ethics are an integral part of the program. Candidates entering their PGY IV year of residency, or postdoctoral candidates are eligible. Requirements for psychologists include: completion of doctoral program; completion of APA approved predoctoral internship is preferred for clinical research positions.

Faculty:

Potential mentors in the Division of Child and Adolescent Psychiatry include Allan L. Reiss, M.D. (behavioral neurogenetics, structural and functional brain imaging), Carl Feinstein, M.D. (learning, physical and developmental disabilities); Dr. med. univ. Hans Steiner (violence and related psychopathology; trauma, stress and coping, eating disorders); Victor Carrion, M.D. (PTSD), Kiki Chang, M.D. (childhood-onset bipolar disorder); Jenny Dyer-Friedman, Ph.D. (outcomes and health services) Stephan Eliez, M.D., Ph.D. (brain imaging, behavioral neurogenetics, velo-cardio-facial syndrome); Jim Lock, M.D. (eating disorders, services research, sexual development); Linda Lotspeich, M.D. (autism, PDD); Vinod Menon Ph.D. (functional brain imaging, neuroinformatics); Richard Shaw, M.D. (medical factors affecting psychiatric symptoms and disorders); Smadar Shiffman, Ph.D. (informatics, image analysis); Sharon Williams, Ph.D. (head trauma, violence prevention). Other staff or faculty include: W. Stewart Agras, M.D. (behavioral medicine); and Alan F. Schatzberg, M.D. (mood disorders). Shirley Feldman, Ph.D. (adolescent development & attachment); Chris Hayward, M.D. (adolescent anxiety disorders); Helena Kraemer, Ph.D. (biostatistics and research methodology); Rudolf Moos, Ph.D. (coping in adolescence & outcomes research); Donna Spiker, Ph.D. (PDD and autism, preschool disorders); Mary Sanders, Ph.D. (Munchausen’s by Proxy, family therapy); Uta Francke, M.D. (molecular genetics, imprinting); and David Spiegel, M.D., (dissociative disorders and psychosocial oncology). The candidate also can select another mentor from the full-time Stanford University faculty.

Application Process:

Applicants should send a letter that includes a clear statement of their research interests and goals, a curriculum vitae, and three letters of reference with sponsor's signature over the back of the envelope. Applicants with specific projects and mentors should provide a brief research plan. For applicants without specific mentors, the program will try to match applicants to faculty. Please send inquiries and a statement of research interest to:
