**CS 03 - Beginning Web Site Design**  
Week Five Exercises

---

**Setup:** Open the file **index.html** from **Week5-css**.

---

**Exercise 1:** Open the *Page Properties* and, in the *Category Appearance*, make the page font Verdana, size Medium, black, with yellow background, and no margins. In the *Category Headings*, make the Heading font Georgia, and make Heading 1 xx-large and cardinal red.

Click **OK**. Click **Code** to view the HTML and CSS.

---

**Exercise 2:** Create a class called **income**, and make it a background color of **#00ffff**.  
Create a class called **expenses**, and make it a background color of **#ff00ff**.  
Create a class called **profit**, and make it a background color of **#ff0000**.

Throughout the document, any text that mentions income, expenses, or profit, attach the appropriate class to that piece of text by clicking on the **Style** drop-down in the Properties Palette and selecting the appropriate class.

---

**Exercise 3:** Change the tag **li** to have the following properties:

- A display status of inline
  - A medium, double-lined, black border
  - No list style type
- 

**Exercise 4:** Add the following properties to the style for **li**:

- Margin of 5px
  - Padding of 10px to the top, 20px to the right, 10px to the bottom, and 20px to the left
- 

**Exercise 5:** Add an advanced rule of **p:first-letter** and create the following properties for this rule:

- Font size of 36px
  - Font weight of bold
- 

**Exercise 6:** Change the heading tag style properties so that it is locked down to the lower-right of the screen.

---

**Exercise 7:** Change the **p:first-letter** rule so that content affected by it will float to the left.
