

**Third Annual Meeting  
Integrated Assessment Modeling Consortium (IAMC)  
October 28 and 29, 2010  
Embassy Row Hotel  
Washington, DC.**

*AGENDA*

**Thursday, October 28<sup>th</sup>**

7:45 AM     *Registration & Continental Breakfast*

8:30 AM     Welcome and the IAMC Overview-John Weyant on Behalf of the Steering Committee

*Discussion of IAMC organization and participation, the last year, and where we are headed. The goal is to give participants a common foundation for the IAMC's status and role and encourage strategic thinking about future opportunities for the IAMC over the next two days.*

**Scientific Working Group Status/Plans**

9:45 AM     **Representative Concentration Pathways**

- Detlef van Vuuren, Netherlands Environmental Assessment Agency (PBL), The Netherlands

10:45 AM     *Break*

11:15 AM     **Scenarios/Narratives**

- Tom Kram, Netherlands Environmental Assessment Agency (PBL), The Netherlands

12:30 PM     *Lunch*

1:30 PM     **Research Priorities**

- Jae Edmonds, JGCRI/Pacific Northwest National Laboratory

2:30 PM     *Break*

3:00 PM     **Data Protocols and Management**

- Volker Krey, International Institute for Applied Systems Analysis (IIASA)

4:00 PM     Open Discussion

5:00 PM     Adjourn

6:30 PM     Reception and Group Dinner at Smith & Wollensky Steakhouse

## **Friday, October 29<sup>th</sup>**

7:45 AM *Continental Breakfast*

### **IA Community Interest Activities**

- 8:30 AM **IAMC/IPCC MOU**
- Nebojsa Nakicenovic, International Institute for Applied Systems Analysis (IIASA)
- 8:50 AM **IPCC**
- Chris Field /Ottmar Edenhofer (Call In)—Carnegie Institution/IPCC
- 9:10 AM **Low Carbon Society**
- Mikiko Kainuma, National Institute for Environmental Studies (NIES)
- 9:30 AM **Global Energy Assessment (GEA)**
- Nebojsa Nakicenovic, International Institute for Applied Systems Analysis (IIASA)
- 9:50 AM **UK Foresight project for global spatial data base infrastructure**
- Thomas Hertel, Purdue University
- 10:10 AM **Integrated Earth System Model (iESM)**
- Jae Edmonds, JGCRI/Pacific Northwest National Laboratory
- 10:30 AM *Break*
- 10:50 AM **Asian Modeling Exercise (AME)**
- Kate Calvin, JGCRI/Pacific Northwest National Laboratory
- 11:10 AM **Energy Modeling Forum (EMF 24); Technology Strategies**
- John Weyant, Stanford University
- 11:30 AM **Program on IAM Model Development, Diagnostics and Intercomparison**
- John Weyant, Stanford University
- 11:50 AM **Assessment of Climate Change Mitigation Pathways and Evaluation of the Robustness of Mitigation Cost Estimates (AMPERE)**
- Elmar Kriegler, Potsdam Institute for Climate Impact Research (PIK)
- 12:10 AM **NREL/IAM& Renewable Energy Project**
- Doug Arent, Joint Institute for Strategic Energy Analysis National, Renewable Energy Laboratory
- 12:30 PM *Working Lunch*
- 12:45 PM **Strategy discussion**
- IAMC activities to serve community and community research priorities
  - Procedure for selecting new at large members
  - Establishment of Advisory Council
  - procedure for proposing new SWGs
  - Other issues
- 3:30 PM *Adjourn*
