

USC Schwarzenegger Institute
for State and Global Policy

**Stanford Energy Modeling Forum - USC Schwarzenegger Institute
Symposium on Climate Change Policy**

Final Program

Wednesday, June 2

- 9:30 AM: Introduction and Overview
Adam Rose (USC), John Weyant (Stanford) and Michael Mastrandrea (Stanford)
- 9:45 AM: Schwarzenegger Institute Overview
Christian Grose, Research Director, SI (USC)
- 10:00 AM: "Using Big Data to Estimate the Environmental Benefits of Congestion Pricing in Los Angeles"
Antonio Bento (USC)
- 11:00 AM: "Employment Impacts of Climate Action Plans"
Adam Rose and Dan Wei (USC)

Noon to 12:15 PM: Break

- 12:15 PM: "CARB Research: Transportation, Health, and Economics"
Elizabeth Scheele (California Air Resources Board)
- 1:15-1:30 PM: Closing Remarks for Day 1
John Weyant (Stanford) and Adam Rose

Thursday, June 3

- 9:30 AM: Recap of Day 1 and Overview of Day 2
Michael Mastrandrea and Adam Rose
- 9:45 AM: Energy Modeling Forum Overview
John Weyant, Director, EMF

10:00 AM: "Update on the EMF High Electrification Study"
John Weyant

11:00 AM: "Climate Equity and Cap and Trade: Revisiting the Concerns"
Manuel Pastor (USC)

Noon to 12:15 PM: Break

12:15 PM: "The 2021 SB 100 Joint Agency Report: An Initial Assessment of Achieving
100 Percent Clean Electricity in California"
Liz Gill (California Energy Commission)

1:15-1:30 PM: Closing Remarks and the Way Forward
Adam Rose, John Weyant and Michael Mastrandrea
