Please find a machine and login using your SUNetID. Wait for the test proctor to tell you when to start.

Open Firefox and go to http://efstest.stanford.edu. Watch the orientation video for your test.

Login to CourseWork (http://coursework.stanford.edu).

Click on the EFSLANG-Placement tab. Then click on Assignments and then choose the one called Placement Test.

In this test, you will hear 50 items in 5 sections of 10 items each with about 10 seconds between items.

All of the items in each section are on one page, and the audio will automatically move on to the next item, so when you finish one set of diagrams, you should scroll down to the next one.

When you finish with all of the items in one section, click on "Next" immediately to move on to the next part.

Please note that you cannot control the playback of the audio files. Do not use the back button or reload the page.

When you are finished with the test, click on Submit for Grading, logout of CourseWork, close all open windows on your desktop, and logout of your machine.

Good Luck!
