

The following is a list of contributions to the Smithsonian Institution, United States National Museum from the Pacific Biological Laboratories, Pacific Grove, Calif., through Edward Flanders Robb Ricketts.

1925

ACCESSIONS -- Pacific Biological Laboratories, Pacific Grove, Calif., through Dr. E. F. Ricketts : 5 *crinoids* (87717). (In: Smithsonian Institution United States National Museum. Report on The Progress and Condition of The United States National Museum For The Year Ended June 30, 1925).

1928

ACCESSIONS -- Pacific Biological Laboratories, Pacific Grove, Calif., through E. F. Ricketts, director, donated 679 specimens of marine invertebrates from Monterey Bay, Calif., and vicinity, mostly Crustacea and pycnogonids, including some new and hitherto undescribed forms..... List Of Accessions ...Pacific Biological Laboratories, Pacific Grove, Calif, (through E. F. Ricketts) : 121 specimens of crustaceans from California, all collected by the donor (96258, 96990, 97384, 99538, 99762, 100297) ; 149 specimens of marine invertebrates from California (98511, 98541, 99015, 99493) ; 20 specimens of amphipods from California (98833) : approximately 15 specimens of barnacles and 2 amphipods from Monterey Bay, Calif. (98970) ; approximately 72 specimens of barnacles from California (99102) ; 8 specimens of marine shells from California (101494). (In: Smithsonian Institution United States National Museum. Report on the progress and condition of the United States National Museum For The Year Ended June 30, 1928).

1929

ACCESSIONS -- Pacific Biological Laboratories, Pacific Grove, Calif., Pacific Grove, Calif, (through Mr. E. F. Ricketts) : Approximately 42 specimens of Crustacea and 14 specimens of mollusks ; 23 specimens of crustaceans ; approximately 40 specimens of crustaceans ; 11 specimens of crustaceans ; amphipod taken at Santa Cruz all from California (100865, 101087, 103365, 101493, 103527) ; specimens (type) of a

cephalopod from Monterey Harbor, Calif. ; also 15 specimens, 4 species, of parasitic copepods, including the type of a new species, all from Monterey Bay, Calif. (103526, 104673) ; head of a shark (103684). (In: Report of The U. S. National Museum Smithsonian Institution United States National Museum. Report on The Progress and Condition of The United States National Museum For The Year Ended June 30, 1929. United States Government Printing Office , Washington : 1929).

1930

ACCESSIONS -- Pacific Biological Laboratories, Pacific Grove, Calif., (through E. F. Ricketts), 230 specimens of marine invertebrates, mostly Crustacea from Monterey Bay. (In: Smithsonian Institution United States National Museum.. Report on The Progress and Condition Of The United States National Museum For The Year Ended June 30, 1930. United States Government Printing Office, Washington : 1930).

1933

ACCESSIONS -- Pacific Biological Laboratories, Pacific Grove, Calif., (through E. F. Ricketts): 9 isopods, 95 amphipods, and 6 copepods from California (117520). (In: Report of The Secretary of The Smithsonian Institution and Financial Report of The Executive Committee Of The Board Of Regents 1933, Smithsonian Institution, Washington, D.C.).

1942

ACCESSIONS -- Pacific Biological Laboratories, Pacific Grove, Calif.: (Through E. F. Ricketts) 112 ophiurans (157273, 157678); 1 bat, 5 fishes, 1 lot parasitic worms, and about 200 marine invertebrates (159124)..... Ricketts, E. F., Pacific Grove, Calif. : 4 mollusks from Lower California (159097); 3 starfishes (160139). (In: Smithsonian Institution United States National Museum. Report on The Progress and Condition of The United States National Museum For The Year Ended June 30, 1941, United States, Government Printing Office, Washington: 1942).

1942

ACCESSIONS -- Fishes. —.....E. F. Ricketts donated 107 specimens, including types of Hypsobleniops vickettsi from the Gulf of California. (In: Smithsonian Institution United States National Museum. Report On The Progress And Condition Of The United States National Museum For The Year Ended June 30, 1942, United States Government Printing Office Washington : 1943).

1942

ACCESSIONS -- Mollusks. — Among the most outstanding contributions in Mollusca may be mentioned the following: E. F. Ricketts, 570 specimens from the Gulf of California. (In: Smithsonian Institution United States National Museum. Report On The Progress And Condition Of The United States National Museum For The Year Ended June 30, 1942, United States Government Printing Office Washington : 1943).

1942

ACCESSIONS -- Pacific Biological Laboratories, Pacific Grove, Calif. : (Through E. F. Ricketts) a collection of marine invertebrates (200 specimens) ; also a bat, 1 lot of parasitic worms, gordius worm and fishes, and 50 amphipods (159124, 160925).(In: Smithsonian Institution United States National Museum. Report On The Progress And Condition Of The United States National Museum For The Year Ended June 30, 1942, United States Government Printing Office Washington : 1943).

1942

ACCESSIONS -- Ricketts E. F., Pacific Grove, Calif. : 570 mollusks from the Gulf of California, 124 marine invertebrates, fishes, and echinoderms (159723, 160366, 161743, 162291). (In: Smithsonian Institution United States National Museum. Report On The Progress And Condition Of The United States National Museum For The Year Ended June 30, 1942, United States Government Printing Office Washington : 1943).

1946

ACCESSIONS -- Ricketts, E. F., Pacific Grove, Calif.: 36 shrimps, 11 schizopods, and 7 lots of barnacles (170809). (In: Smithsonian Institution United States National Museum Report. On The Progress And Condition Of The United States National Museum For The Year Ended June 30, 1946. United States Government Printing Office Washington : 1947).

1946

ACCESSIONS -- Ricketts, E. F., Pacific Grove, Calif. : 39 vials of Crustacea (172360) ; approximately 215 marine invertebrates (173-639) ; 149 samples of marine fishes from British Columbia collected in May and June 1946 (174051) ; 26 lots of Bryozoa (174192) ; 5 mollusks and 1 crab from Clayoquot Sound, Vancouver Island, British Columbia (174- 849). (In: Smithsonian Institution United States National Museum. Report On The Progress And Condition Of The United States National Museum For The Year Ended June 30, 1947. United States Government Printing Office Washington : 1947).

1948

ACCESSIONS -- Ricketts, E. F., Pacific Grove, Calif.: 6 amphipods (178305) ; 11 amphipods from cooked spiny lobster from Baja California (179135). (In: Smithsonian Institution United States National Museum. Report On The Progress And Condition Of The United States National Museum For The Year Ended June 30, 1948. United States Government Printing Office Washington : 1948).
