Study #: [HAUSIA1997-197049](#) 

Methodology: Survey by: United States Information Agency [USIA]
Conducted by Saint-Dic and Saint-Dic Consultants, July 12-21, 1997, and based on face to face interviews with a National adult sample of 1,351.

Variables: 104

Topical Coverage: Radio (1); most important problem facing the country (1); selling of state-owned industries to private interests (4); democracy (1); vote in first round of elections (3).

Study Title: USIA Poll # 1999-199030:
Crime/Security/Economy/Democracy/Elections/Politics/Government Institutions/United States

Study #: [HAUSIA1999-199030](#) 

Methodology: Survey by: United States Information Agency [USIA]
Conducted by Saint-Dic and Saint-Dic Consultants, November 18-30, 1999, and based on face to face interviews with a National adult sample of 1,502.

Variables: 144

Topical Coverage: Direction of the country (3); most serious problems facing the country (2); public security (3); National Police job performance (1); personal contact with HNP (2); personal situation (4); democracy (7); voting in elections (2); upcoming elections (2); intention to vote in elections (3); efforts to register voters (1); candidates running for office (1); selection of local BED and BEC members (1); most important consideration in voting for candidates (2); first priority problems (1); knowledge of candidates (1); sources of information on candidates/ election (1); voter registration card (3); political party fraud (2); security on election day (2); foreign observation of elections (3); U.N. civilian police presence (1); favor/oppose presence of international groups to organize elections (1); interest in politics (1); political action (6); government functioning (1); confidence in institutions/organizations (10); corruption (3); opinion of the U.S. (1); U.S. involvement in Haiti (3); opinion of Haitian leaders (5); President René Préval job performance (3); Prime Minister Jacques Edouard Alexis job performance (1); views on Jean Bertrand Aristide (2); political vs. economic reforms (1); violence (1).

Republic of Uzbekistan

Study Title: USIA Poll # 1995-I95066: Uzbekistan's Political and Economic Situation

Study #: [UZUSIA1995-I95066](#) 

Methodology: Survey by: United States Information Agency [USIA]
Conducted by Expert, October 1-3, 1995, and based on face to face interviews with a National adult sample of 1,205.

Variables: 247

Topical Coverage: Direction of the country (1); interest in internal affairs (1); interest in global events (1); knowledge of internal affairs (1); mass media informing the public (4); information from media (19); independent media (2); information from foreign radio stations (4); preference for language to teach to children in school (1); understanding of Russian language (1); understanding of English language (5); children learning English/foreign language (4); religious education of children (1); satellite/cable TV (2); religious education (1).

Revised Studies

United States -- National adult samples

- Study Title:** Gallup Poll # 1968-0768: 1968 Presidential Election/Vietnam
Study #: [USAIPO1968-0768](#) 
- Methodology:** Conducted by Gallup Organization, September 19-24, 1968, and based on face to face interviews with a National adult sample of 1,504.
- Variables:** 36
- Topical Coverage:** Interest in upcoming 1968 presidential election (1); frequency of voting (1); 1968 presidential election (5); Vietnam War (3); afraid to walk to night within one mile of respondent's home (1); vote for political party vs. candidate (1); vote for candidate with stronger peace position on Vietnam (2); more important statement: Czechoslovakians be independent vs. South Vietnamese being independent (1); political party to win Congressional elections (1); 1964 presidential election (1).
-
- Study Title:** State of the Nation
Study #: [USPOTM1972-GO7235](#) 
- Methodology:** Survey by: Potomac Associates
Conducted by Gallup Organization, May, 1972, and based on personal interviews with a National Adult sample of 1,806.
- Variables:** 26
- Topical Coverage:** Future hopes and wishes (2); fears and worries (2); satisfaction with current situation (4); progress of the country (4); US foreign policy progress (2); international affairs (1); progress in domestic problems (3); raising taxes (3); federal government financed programs (2); state of the nation for 1972 (1).
-
- Study Title:** PSRA/Newsweek Poll # 9913: Parenting Teens
Study #: [USPSRA1999-NW9913](#) 
- Methodology:** Survey by: Newsweek
Conducted by Princeton Survey Research Associates, April 29-30, 1999, and based on telephone interviews with a National adult sample of 407.
- Variables:** 20
- Topical Coverage:** President Bill Clinton job performance (2); U.S. troops in Yugoslavia (1); events in the House of Representatives (1); Clinton on crime and violence (1); raising teenagers (4); teenage violence (2); parental attention to teenagers (3); parents seeking help for teenagers (2); Internet restrictions (3); violence reduction in media (1).
-
- Study Title:** Roper Commercial # 9: Business and Economics
Study #: [USRCOM1939-009](#) 
- Methodology:** Conducted by The Roper Organization, April, 1939, and based on personal interviews with a National Adult sample of 4,545.
- Variables:** 17
- Topical Coverage:** Economic conditions (1); increasing national prosperity (1); working conditions (1); labor unions and policy (2); high pay vs. steady employment (1); Wagner Act (1); forcing bad industrialists to quit (1); patent system (3); women employment rights (1); monopoly (1); U.S. economic system (2); impact of economic groups (1); reason for fewer strikes in 1938 (1).
