

Stanford University

Stanford SmartGrid Seminar

We invite you to join us this this quarter's Stanford SmartGrid Seminar. The theme of the seminar series is on smart grids and energy systems, scheduled to be held approximately every other Thursday, with speakers from academic institutions and industry. The speakers for the Winter quarter are

Thursday, January 16	Steven Low	Cal Tech	Y2E2 101
Monday, January 27	Vince Poor	Princeton	
Thursday, January 30	Daniel Kirschen	University of Washington	Y2E2 101
Thursday, February 6	Ross Baldick	University of Texas, Austin	Y2E2 101
Thursday, February 27	Long Tong	Cornell University	Y2E2 101
Thursday, March 13	P.R. Kumar	Texas A&M	Y2E2 101

The seminar is scheduled at **1pm** on the dates listed above. These speakers are renowned experts in power and energy systems, and we believe they will bring novel insights and fruitful discussions to Stanford. This seminar is offered as a **1 unit seminar course, CEE 272T** for interested students. This course can be repeated for credit for the students.

Yours sincerely,

SmartGrid Seminar Organization Team,

Ram Rajagopal, Assistant Professor, Civil and Environmental Engineering
 Andrea Goldsmith, Stephen Harris Professor, Electrical Engineering
 Baosen Zhang, Postdoctoral Scholar, Civil and Env. Engineering, Management Science & Eng.
 Yue Zhao, Postdoctoral Scholar, Electrical Engineering
