

energyStartup 2015 Summer Internship Position

Company Name: Verdigris Technologies, Mountain View, CA - www.verdigris.co

Description of position:

Social and Content Marketing

Unite your passion for sustainability and technology with your stellar writing talent. Verdigris is a Mountain View based technology startup, innovating tools to put a kink in the CO2 curve through energy use monitoring and reduction. We are looking for motivated students with a mind for technology and sustainability, who can generate inspiring, connected content. You would be personally mentored by one or more members of our in-house marketing team, participate in company and team meetings, and have one-on-one lunches with our employees. Your work would directly benefit our mission to reduce CO2 emissions.

Who should apply:

Junior and senior year students who will be in the bay area for the summer, and are interested in a career in startup marketing .

Required expertise:

Recent and relevant writing samples will be requested

Preferred skills/Majors:

Majors: English, psychology, d.school coursework

Internship term: 12 weeks

Compensation: negotiable based on education and expereince
