Western Conference in Immunology Abstract form

Please follow these guidelines for abstract submission

1. The abstract should be typed, single-spaced within the space provided below with at least one inch margins on the right and left sides and at the bottom of the page.

2. Please include the TITLE of your work (capitalized), followed by the author's names (underlined, with your name first), the name/s of the institution/s where the research was done and the source/s of funding.

3. Your abstract will be placed directly into the conference program as it appears in the space below, so please limit it to the space provided.

Abstracts are due June 25, 2001

Name/Institute: ______________________________________________________________
