WITCH—EAST FACE (Not shown)

102. The Cauldron 5.9+ FA Llaeger, Uliga
Approach via rappel down the gully between Witch and Warlock. This is the first obvious climb to the right of the Nautilus, following a crack to a dihedral. A 5.7/5.8 pitch is necessary to reach the first good pitch, a straight-in 5.9+ jam crack. The next pitch up the dihedral is 5.9.

103. Witch Way 5.9 FA 2aum Llaeger
A fir tree can be seen near the end of the rappel into the gully. About 30 feet left of the fir tree is a left-leaning crack in a corner. The crack ends up at the last belay of The Cauldron.

104. The Iceberg 5.12?
One of several new routes in the vicinity of the Witch/Warlock notch. Follow 6 bolts to an aid crack mix between bolts 4 and 5.

104.1 The Lifeboat 5.10d* Also starts from notch, 5.8 to first bolt, easy after 2nd, then 5.8 to 5th, 5.10d shaky flakes to 4th. After 5th, can go low at 5.10a or high 5.9a read more.
