Dear Walter,

Here are our comments to your draft document - "Elements of Strategic Relationship".

Please note that our comments are subject to U.S. counsel's confirmation as well as our upper management.

By the way, we would like to perform our due diligence ASAP. Could you let us know how we can get access to the data room in New York so that we can arrange Dechert and PWC to begin the DD process? Do you have any electronic data that we can review? Please advise. Thanks.

Regards,

Chan

Mr. Heindl, on an urgent basis we would like to ask you to forward the soft copies of Eagle's Overview and Valuation packet which we received on Monday. We would need ASAP in order for us to prepare for the early morning meeting with our upper management. We would appreciate your prompt response on this. Regards, Paul
