Akio,

The NDA is attached. You just need to:

- * Fill in the company's proper name three times in the first paragraph and on the signature line,
- * Fill in the date
- * Fill in the name of the primary diligence contact person at Lehman (on page 2)

Once signed, please return a copy to us.

We'll pull documents together and have ready to send.

Skip,
In case Sumitomo wants to proceed and sign CA, do we have a draft of CA?
If so, who should I talk to?
Also, once CA is signed, how should we deliver the documents so that they can start analyzing them?

We will know tomorrow morning Japan Time if they want to proceed or not.

Will keep you updated.
