Hi Bart,

Hope you are doing well. Here are the materials for Monday's meeting with CITIC Securities. I have included RSF's briefing memo and a Strategic Partnership Analysis (2 documents) at the request of Zhizhong Yang.

I will paste the content of the briefing memo in blackberry format and send in a separate email. We were not planning on messengering hard copies to your house. Since there are additional materials, please let me know if you would like to receive hard copies and I will arrange ASAP.

Thanks,

-Marisa
