Just had another call with ES and as suggested below he would very much like to have a brief session with four of you before we start management mtgs. It seems there are some issues with PWC's view or lack thereof with respect to commercial portfolio.

ES wants to start tomorrow's(Tuesday) session with discussions on their DD findings/issues with LB senior management following their internal briefing. We should start at 9:30 and allocate about one hour on this topic followed by divisional reviews. I believe all three of you should attend the session.

Best,
Kunho
