Dan

BONY have sent a mail and left me a voice message chasing up the USD 120mm payment - Is there anyway we could pay this out of LBHIUK's BOA account ?

Regards

Graham

I realise that, I don't know what time they release their instructions for the coupons and redemptions - once they have done that they are committed to pay.

They have asked for NY opening as their preference. Do you want me to call BONY to confirm?

Dan

Its to collateralise all our BONY EMTN/ECP and warrant activity settling on Monday - As they will be releasing instructions into Euroclear today for value Monday it covers the intraday exposure they will have until they receive our funding on Monday.

Do you want me to call BONY ? Don't really want to set any bells ringing with them if we can

We expect to be able to withdraw the USD 120mm on Monday so we only have USD 50mm invested with them.

Regards

Graham

STOP, any and all large critical USD payments need to go through me for approval.

Graham - what is this for, how quickly does it need to go and what are the consequences if it doesn't get there until around noon NY time.

Subject: Collateral position

Good morning Graham,

To cover the intraday position for Monday could you please arrange for
the credit of USD 120m (one hundred and twenty million) to your
collateral account at the Bank of New York Mellon.

This will leave the total collateral position at USD 170m and thus
provide sufficient headroom for any changes from fixings.

It would be preferable to have the funds in the account for today's
opening in New York. In order to confirm receipt if you could also you
please provide the Fed Reference number for this payment so I can trace
the receipt in our systems.

Many thanks

Gerry
