**Subject:** "Standard" Risk Management Presentation  
**Attach:** Risk Mgt An Integrated Framework.ppt

---

Chris, you mentioned to me a couple of weeks ago that we should have a standard Risk Management presentation to underpin our client meetings, and that we might expect to undertake such meetings more frequently than hitherto was the case. Attached is a version of a presentation originally created by Madelyn which may serve as a starting point.

<<Risk Mgt An Integrated Framework.ppt>>

As I mentioned to you at the time, in all my meetings with clients I have never handed out a presentation nor used any speaking notes, preferring to speak "off-the-cuff" in a more interactive discussion with the client, but using material drawn from that included in this presentation. Let me know how you would like to take this forward.  
Paul.
