postMessage

Sender (a.com):

```
frames[0].postMessage("Hello world",
                      "http://b.com/");
```

Receiver (b.com):

```
window.addEventListener("message", doEvent);
function doEvent(e) {
  if (e.origin == "http://a.com") {
    ... e.data ... }
  }
}
```
